

AGR Partners Purchases Stake in SEMO Milling

Company Overview

- AGR Partners purchased a non-controlling interest and provided growth capital to SEMO Milling.
- SEMO Milling was formed in 2005 and began operations in 2007.
- Annual processing capacity in excess of 200,000 tons of corn.
- SEMO's human-grade corn milling products are utilized as ingredients by Fortune 500 food and beverage companies throughout the United States.

Investment Highlights

- Investment thesis
 - Corn is a staple of Americans' diets and a gluten-free food source
 - SEMO is strategically positioned as the southern most dry corn mill in the United States, in a corn dense region, with access to the Mississippi River, BN and UP railroads and close to key customers
 - Growth capital will enable SEMO to significantly increase mill volume and access new higher value markets
- AGR Partners and SEMO will continue to pursue additional investments in the corn milling industry.
