

AGR Partners Announces Sale of 3D Corporate Solutions' Land-Based Animal Protein Division

Davis, Calif., May 31, 2019—AGR Partners LLC ("AGR"), with the ESOP shareholders and founders, announced today the completion of the sale of 3D Corporate Solutions' Land-Based Animal Protein Division ("3D") to Olympus Partners in partnership with 3D founders Ed Mareth and Kevin Keeling and the senior management team.

AGR provided growth capital to 3D in July 2015. Since then 3D has grown significantly to expand its products and services to the pet food industry. "AGR understood our business and the importance of our people. They have been great partners and always supported our growth," said 3D's Co-Founder Kevin Keeling.

"We were fortunate to partner with the 3D team and play a supportive role in their significant growth," said Daniel Masters, Managing Director of AGR Partners. "3D is one of the most innovative suppliers of protein ingredients to the United States' pet food market. This outcome recognizes the 3D team's dedication to its customers and suppliers. We expect the business to continue to be highly successful under Olympus and the management team's ownership."

3D Corporate Solutions

3D is a leading manufacturer of premium and specialty protein ingredients used to make premium pet food and has been privately held since its founding in 2002. 3D is committed to providing its partners with custom-tailored ingredients and supply chain solutions.
